

Zitzi Clozitt

Toilet & shower chair

Zitzi Clozitt in low design

A Zitzi Clozitt will allow the user to develop further, learn new things, and therefore concentrate on what they can do instead of what they cannot do.

When you want a seating system that

- "Grows with the user"
 - Suitable for users up to 130 kg
 - Suitable for young people and adults up to 170 cm
 - Suitable for users with low tone and/or spasticity
 - Enables functional movements
 - Effectively counteracts incorrect posture
 - Aesthetically pleasing "you see the person and not the product"
 - Easily adjustable
 - Made of stainless steel.
 - Abduction of the seat section makes PIC (Pure intermittent catheterisation) easier
- Zitzi Clozitt on the low frame
